

## RGIK: Next steps and governance

Cécile Pellet and Line Rouyet

# RGIK: What is next?

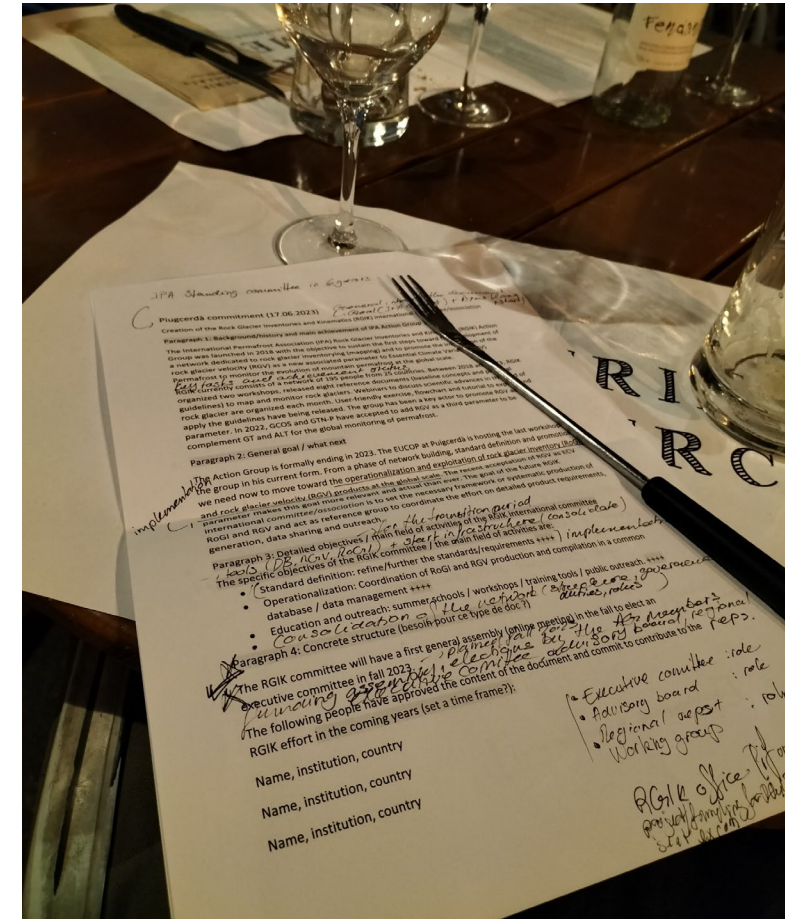

---

- **What next after the closing workshop at EUCOP?**
  - RGIK Action Group formally ends in June 2023
  - RGIK community intends to continue the work and transition into a **sustainable structure**
  - **Continue and further develop the ongoing RGIK activities**
- **Rock Glacier Inventory:**
  - RoGI merged document
  - RoGI article publication
  - Design of additional RoGI exercises (different difficulties, geographic regions, etc.)
- **Rock Glacier Velocity:**
  - Test and production of exemplary RGV products
  - Finalization of the Factsheets and Practical concepts
- **RGIK**
  - Design and set-up of a data storage and visualization platform

# RGIK: What is next?

- **What next after the closing workshop at EUCOP?**
    - RGIK Action Group formally ends in June 2023
    - RGIK community intends to continue the work and transition into a **sustainable structure**
    - **RGIK aims to become a Standing Committee of the IPA**
  - **How to transition into a Standing Committee?**
    - Define general objectives and fields of actions
    - Establish a sustainable governance structure
    - Seek the support of the IPA
- **Puigcerdà Commitment**

# RGIK Governance: What's next?

---

## **Presentation of the Puigcerdà Commitment to the IPA Council Meeting (Wed. 21<sup>st</sup> June)**

- Show the commitment of the RGIK community for the future
- Seek financial support for the transition period (same as for Action Groups, 2.5 k€/year)

## **RGI general assembly**

- To be organized online end of 2023
- Regrouping all the RGIK Action Group Members (i.e. mailing list subscriber)
- Election of the Executive Committee
- Preliminary creation of the Advisory Board
